

How to Get to 6th Floor of the Central Research Building from the Entrance Gate (Time needed: approx. 6 minutes)

[1] When visiting RIKEN Yokohama Institute, first go to the security guard desk (on the left of the entrance gate) to pick up a one-day pass. Without a pass, you cannot enter any RIKEN research buildings.

[6] Hold your pass over the card-reading device on the your left. The door will open.

[2] After receiving your pass, go to the path between the Main Hall and the East Research Building (the area in the red circle).

Closeup of the card-reading device.

[3] Walk down this path.

[7] Inside the building near the entrance, you'll see a display with blue equipment. Opposite this display are elevators. Take one to the 6th floor.

[4] When you reach the road, turn right.

[8] When you arrive at the 6th floor, head down the hallway in the direction of the red arrow.

[5] Just after you turn right, you will see automatic doors to your left, next to the smoking area. This is the entrance to the Central Research Building.

[9] Room C620 is the first door on your left.

[10] This is the entrance of Room C620. Feel free to walk in and talk to the assistant, whose desk is just inside the door.
